| Refrigerant | R290 | R290 | R290 |
| Rated voltage [V] | 230/50Hz | 230/50Hz | 230/50Hz |
| Rated power [W] | 391 | - | 617 |

Standard equipment

freezing unit based on a reciprocating compressor powered by ecological refrigerant R290

the device is designed for individual installation (without worktop and external housing)

internal tubes made of stainless steel containing 2 round cuvettes ø200x250 (7L)

masking rings made of stainless steel - polished

flat covers, insulated, made of stainless steel - polished

ecological polyurethane foam insulation

stainless steel plinth - polished

rear wind beam made of stainless steel - sanded

tool-less access to the condenser

electronic temperature controller with digital display (IGLOO)

audible alarm on the condenser pollution

adjustable feet (± 10mm)

Options

bent tempered glass extension with the mounting system for GELATO 2/06

bent tempered glass extension with the mounting system for GELATO 2/08

bent tempered glass extension with the mounting system for GELATO 2/10

worktop made of acid resistant sanded metal sheet, with holes for round trays ø200x250 (7L) - (6 flavours)

worktop made of acid resistant sanded metal sheet, with holes for round trays ø200x250 (7L) - (10 flavours)

round container ø200x250 (7L) with antirotation (AR) system made of stainless steel - polished

surcharge for the decorative insulated cover made of stainless steel - polished

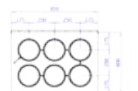

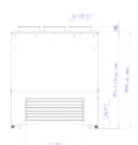

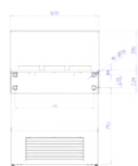

scoop washer container

scoop washer container with water flow system

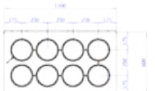

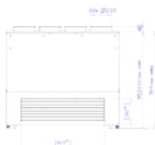

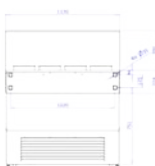

electronic temperature control with digital display (Igloo) with integrated temperature recorder (mini USB)

set of castors
